

*Your fresh source for the best
in Northwest sustainable produce.*

Fresh For Your Success. Right For Our Environment.™

“With an independent inspection of United Salad, Duck Delivery and Pride Packing facilities and practices, and clear chain of custody for Food Alliance certified products, customers can trust that they are getting the real deal.”

*— Scott Exo,
Food Alliance
Executive Director*

United Salad Co., Duck Delivery Produce, Inc., Duck Delivery of Washington, Inc. and Pride Packing Co. are the nation's first family of companies offering vertical integration of Food Alliance Certification to retail and food service customers

To achieve this certification our companies passed an independent, third-party audit covering a variety of industry and consumer concerns including: reduction of pesticide use and toxicity, soil and water conservation, safe and fair working conditions, reduction of waste, protection of wildlife habitat and traceability of sustainably-grown products certified by Food Alliance. Preparing for and passing this rigorous audit clearly demonstrates our company wide commitment to this important program.

Local means Northwest.

We offer the very best in fresh, Northwest-grown fruits, vegetables, herbs and specialty produce including a selection of conventional, transitional and organics. Buying local means every fruit and vegetable is the freshest it can be, from apples to zucchini. Buying local means less transportation time, fewer emissions, reduced carbon footprint and more benefit for our local economies.

Meeting the demands of today's consumers.

Consumer awareness of sustainability issues increases annually. They know Northwest grown produce is fresher and has fewer negative environmental impacts. Food Alliance certified produce assures our customers product is grown using responsible practices that sustain our environmental resources and agricultural communities.

The following is a list of Food Alliance Certified and Northwest-grown products distributed by United Salad Co., Duck Delivery Produce, Inc. and Duck Delivery of Washington, Inc. We are constantly working to expand this list. Updates are always available on our websites.
